6.1.1 The institutional governance and leadership are in accordance with the vision and mission of the Institution and it is visible in various institutional practices such as NEP implementation, sustained institutional growth, decentralization, participation in the institutional governance and in their short term and long term Institutional Perspective Plan.

The institute established its vision and mission through a consultative process involving stakeholders, considering future scope and the societal requirements.

Vision

To develop responsible citizens who would be professionally equipped to think globally and act locally and become reformers of society to meet the challenges of future.

Mission

To advance knowledge and educate students in pharmaceutical science, technology and other areas of pharmacy profession that will best serve the nation and the universe in the 21st century.

Program Educational Objectives (PEOs)

1. To develop skilled professionals with sound knowledge in the field of pharmaceutical sciences and technology.
2. To facilitate students to acquire knowledge and skills in various fields of pharmaceutical sciences as per need of various sectors of pharmacy profession.
3. To build a sense of teamwork, leadership qualities and professionalism amongst the students with problem solving approach.
4. To inculcate professional ethics and responsibilities in the students and prepare them for serving the professional need of the society.

The college follows the guidelines laid by the University and Pharmacy Council of India and has a firm belief in the NEP 2020.

For sustained growth and quality, the college ensures recruiting teachers with a blend of qualification and experience. The institute encourages faculty to pursue Ph.D. To improve competency, the institute encourages faculty to attend FDP's organized by the institute/other institutions and also organizes skill development programs for nonteaching staff. The college boasts of support structures like audio-visual facilities, overhead projectors, library, language laboratory & internet facility etc. to facilitate teaching learning experience.

To provide a conducive environment for integrated learning, the institute motivates faculty to adopt new techniques of teaching and learning. The institute organizes guest lectures by

eminent personalities, demonstration of equipment and field trips for a hands-on-training and beyond syllabus experience. The students are encouraged to participate in co-curricular activities organized by the institute to build their research acumen.

The college organizes career guidance sessions, workshops and courses to prepare the students for placement & higher education.

To inculcate a sense of responsibility towards society, various awareness programs, health campaigns and environment initiatives are undertaken by the institution.

The management believes in participative governance of the institute. This is evident from the representation of faculty and non-teaching staff in various governing committees like IQAC. The Principal is entrusted with the responsibility of smooth conduct of both academic and administrative duties. The Principal forms administrative & academic committees and defines their roles and responsibilities. The IQAC gives suggestions and ideas with regards to the planning of activities of the college. The effective execution of academic, administrative and research activities is monitored through staff and departmental meetings held every month. The perspective plan of the institute is prepared considering future scope and growth of the institute.

The perspective plan of the institute is prepared considering future scope and growth of the institute
